

BRIEF OVERVIEW / CAREER OBJECTIVE / SUMMARY

Seeking an entry level position for software development and as well as in ece core branch where as i am a student of Artificial Intelligence (AI) background in ece department and i want to enhanced my skills in technical and software field for your organization to grow me as well as your organization to achieved highest goal as ever done.

KEY EXPERTISE / SKILLS

C CPP Python Basic Java HTML5 CSS CSS Flexbox Javascript Data Science Machine Learning MATLAB
Computer Networks Basic Microcontrollers Basic Digital Image Processing Teamwork Leadership Object Oriented Programming
SQL MERN (WEB DEVELOPMENT) DSA(Data Structure and Algorithm)

EDUCATION

Dr. Vishwanath Karad MIT World Peace University (MIT-WPU) B.Tech. - Electronics & Communication Engineering - MIT - WPU CGPA: 6.80 / 10.00	2018 - 2022
GH RAISONI POLYTECHNIC Diploma Diploma - Computer Engineering MSBTE Percentage: 75.38 / 100.00	2019
Galaxy residential public school 10 th CBSE Percentage: 87.40 / 100.00	2014

INTERNSHIPS

Code gurukul DashBoard For Students Key Skills: HTML5 CSS CSS Flexbox Javascript PostgreSQL Django Made a beautiful attractive website for students dashboard and also learn how this all web site work learn all the implementation of web development with react js and djangi as well	13 Jul, 2021 - Present 19 Jun, 2021 - 20 Oct, 2021
--	---

PROJECTS

Word Puzzle Game, Create a Digital Phone Book Team Size: 1 Key Skills: HTML CSS Javascript Design using Html5 having some new Elements these language and have more knowledge about these languages.	01 Mar, 2022 - 03 May, 2022
Capstone project filter design for hearing aids system Mentor: School mentor Team Size: 2 Key Skills: MATLAB Digital Signal Processing Analog Communication I have learn and built by using these software and hardware where i and my friend design these system and represented to our college Using matlab and it library and some other element and filter by using some filter basic design the software and use in hardware as well	10 Feb, 2022 - 28 Apr, 2022
Car sensor detection for parking area Mentor: School mentor Team Size: 3 Key Skills: MATLAB Python We have use the basic matlb code for our project in that the sensor of matlab code package we have import fr matlb and as well as we have use on hardware aslo like sensor, ic	09 Aug, 2021 - 05 Oct, 2021
Number Shifting Game, Smart Tic Tac Toe, Create C Library on Analytic Geometry.. Team Size: 1 Key Skills: C CPP I have learn about the library of C, CPP using these library i have develop these game and using function and loops and Arrays and pointer. And Learn more about these language.	08 Apr, 2020 - 11 Jun, 2020

Anti Sleep Alarm for Driver

13 May, 2020 - 01 Jun, 2020

Team Size: 1

Key Skills: **MATLAB** **Arduino**

learn and use some external parts like Relay piezo Buzzer eye Blink sensor spst switch

Android development app for blind people

15 Nov, 2018 - 18 Jan, 2019

Mentor: School mentor | Team Size: 4

Key Skills: **Core Java** **Android Studio**

Java with android studio and it packages present in it library and by implement of data of all needed data from outside we built this app for blind students

ACHIEVEMENTS

- Ethical hacking for beginner
- Android with core java ,python for data science
- Crux of Advanced Java
- Paroksha 2019 institute of engineer
- # hack

PERSONAL INTERESTS / HOBBIES

- Learning new technologies ,Reading
- Sports
- Physical Fitness
- Travelling
- Cooking Special type of Food
- Business knowledge
